

EDIT

European Distributed Institute of Taxonomy

Participate in the transformation of Taxonomy!

<http://www.e-taxonomy.eu>

EDIT is a Network of Excellence supported by the European Commission. It seeks to deeply renovate taxonomic practice to meet the challenges and demands of the 21st century. Here are some opportunities EDIT has already created for you, which you can use freely:

- Get a free, modular **Scratchpad website** for collaborative taxonomy
- Participate in the **All-Taxa Biodiversity Inventories** that are taking place all year round in the Mercantour/Alpi Maritime (France/Italy) and Gemer (Slovakia) regions.
- Participate in our **Expert-in-Training** programme, as teacher or student.
- Teach in the **Distributed European School of Taxonomy**.
- Register your existing **taxonomy courses** in our survey.
- Get **grants for women scientists** and **childcare support** during conferences.
- Get **funding for your research trips** for joint work.
- Participate in the next EDIT **General meeting** (summer 2009).

There are even more ways to get involved in EDIT, and participate in this vibrant international undertaking. To know more, contact your EDIT representative:
